

WEBINAR:

GAIN DATA INSIGHTS WITHOUT PRIVACY EXPOSURE

Join Iron Bow Healthcare Solutions and Diveplane for a webinar on GEMINAL, a unique Privacy Enhancing Technology.

Leading edge organizations will use the most effective systems and adopt a “best practice” approach to deliver the highest standards of data security, data availability and business agility. Learn how to extract the true value of data without the risk of privacy exposure. Deliver more results – more accurate patient analytics, outcomes and epidemiological analysis – with GEMINAL.
